The Company's underwriting income was 2,737.29 million Baht, increasing from last year for 31.93 million Baht or 1.18%. In meantime in 2017, underwriting expense was 2,377.39 million Baht, decreasing from last year for 68.44 million Baht or -2.80%. The Company's total underwriting profit before operating expenses was 359.90 million Baht, improving from last 2016 up to 38.67%. The main reason was derived from more application of indemnity management control in 2017, resulting in abatement of underwriting risk. In 2017, the Company's operating expense was 422.91 million Baht, increasing from last year for 12.50%. The main reason was derived from two parts. The first part was marketing in 2017 whereas the project of market expansion to more consumers caused increase in expense in the matter of advertising fee. Another part was personnel expense whereas the recruitment of personnel in various areas increased and mainly focused on innovation, resulting in loss of the Company from underwriting in the operation of 2017 for 63.01 million Baht and decreasing from last year for 45.86%. For revenue from investment in 2017, the Company's total revenue from investment was 90.60 million Baht, decreasing from 2016 around 30 million Baht, in line with the nature of market that requires the adjustment of investment value, particularly the investment in Stock Exchange that requires adjustment of fair value (mark to market) at the end of the year. Other revenues of the Company consist of other revenues of 6.32 million Baht, decreasing from 2016 for 20.65 million Baht. The main reason is the decrease in revenue from service charge, particularly in revenue from delivery of information to Road Accident Victims Protection Company Limited. In last year, RVP paid lower information expense, affecting, every company. Another part was marked to market whereas exchange rate of investment of Laovivat Insurance Co., Ltd. was changed, resulting in the requirement of bookkeeping to recognize loss from exchange rate. In 2016, sale of the Company's automobiles of which their useful life was

expired generated gain from the said sale. However in 2017, no sale of automobiles, other revenues then decreased. For turnover in 2017, the Company earned total operating profit of 33.91 million Baht, increasing from 2016 or 33.56% and earned net profit before tax for 2017 of 34.25 million Baht.
